10<sup>th</sup> September 2025

Dear Parent/Carer,

Year 5 Design & Technology – Project Materials Contribution

This year, our Year 5 students will be taking part in a range of exciting Design & Technology projects aimed at developing creativity, fine motor skills, and an understanding of basic mechanisms and materials.

Students will complete the following projects:

- A wooden dreamcatcher with decorative details
- A levers and linkages robot, introducing mechanical movement
- A wooden bookmark, combining design and handcraft skills

To help cover the cost of materials for these projects, and to enable students to take their finished work home, we kindly ask for a contribution of £3. Payments can be made through the Arbor app in the school shop section. Please can payment be made by 1<sup>st</sup> October 2025.

If you have any questions, or require assistance with making the payment, please contact the school office or feel free to get in touch with me directly.

Thank you for your support in helping us offer engaging, hands-on learning opportunities in Design & Technology.

Yours sincerely,

Mrs Parry

Head of Art and Design & Technology
