

Ready, Respectful, Resilient
Headteacher: Mrs T Price BA (Hons) MA Ed

10th September 2025

Dear Parent/Carer,

Year 6 Design & Technology – Project Materials Contribution

This term, Year 6 students will be engaging in a variety of imaginative and purposeful Design & Technology projects that build on their creativity, teamwork, and technical skills. These projects also support literacy, communication, and an understanding of modern materials.

Students will complete the following:

- A pop-up book, designed and made to read to Nursery and Reception children
- An introduction to SMART materials, exploring their properties and uses in modern design
- A custom keyring, using a combination of traditional and contemporary techniques

To help cover the cost of the materials required for these projects – and to allow students to take their creations home – we kindly request a contribution of £3. Payments can be made through the Arbor app via the school shop section. Please can payment be made by 1st October 2025.

If you have any questions about the projects or need help accessing Arbor, please contact the school office or feel free to get in touch with me directly.

Thank you for your continued support in helping us deliver an engaging and hands-on DT curriculum.

Yours sincerely,

Mrs Parry

Head of Art and Design & Technology
