KS3 English Interventions Autumn 2025

Dear Parent/Carer,

I am writing to inform you that we have identified the need for your child to receive additional support in English through weekly intervention sessions. These sessions will focus on enhancing their reading skills by developing their fluency, their understanding of vocabulary and their general comprehension of the texts they read.

The purpose of these interventions is to provide tailored support to help your child build confidence and develop key reading skills that are essential to their overall progress. This is a common practice in our school and is not a cause for concern. We aim to ensure that every child reaches their full potential and these sessions will give them an extra boost in areas where they may need a little more practice.

We will closely monitor their progress and evaluate their development on a half-termly basis. Based on this evaluation, we will adjust the intervention as necessary. Our goal is to ensure that each student receives the most appropriate support for their needs, and should there be any changes, we will keep you informed throughout the process.

If you have any questions or would like to discuss this further, please do not hesitate to contact your child's English teacher. Thank you for your continued support.

Yours sincerely,

Mrs. C. Fletcher
